

What should I already know?

- Know how to keep healthy by doing exercise and eating healthily.
- Know some rhymes about the **body** (e.g. Heads, Shoulders, Knees and Toes)

Investigate!

- Label the different parts of the body and describe what each part does.
- Draw around one of the pupils in your class using chalk - label the different parts of the body.
- Complete a simple exercise (such as a star jump) and describe which parts of your body move.
- Participate in a sensory experience where you taste, feel, look at and see different foods (check for allergies first).
- Use senses to compare different textures, sounds and smells
- Discuss activities where you might use more than one sense (e.g. playing football).

What will I know by the end of the unit?

The different parts of the **body**.

We have five **senses**.

- 1) We **smell** using our nose.
- 2) We **taste** using our tongue.
- 3) We **touch** using parts of our body, like our hands.
- 4) We **see** using our eyes.
- 5) We **hear** using our ears.

Marhamchurch CofE Primary School - Science

Topic: Animals including humans (humans)

Class 1

Strand: Biology

Question 1: Which of these might you find on a face?	Start of unit:	End of unit:
eyes		
mouth		
knees		
hands		
nose		

Question 2: Which of these protects our head?	Start of unit:	End of unit:
arms		
mouth		
hair		
elbows		

Question 3: What do elbows do?	Start of unit:	End of unit:
help our legs bend		
help our arms bend		
help us walk		
help us taste		

Question 4: What does the neck do?	Start of unit:	End of unit:
connects the legs to the body		
connects the hands to the arms		
connects the feet to the legs		
connects the head to the body		

Question 5: Match the senses to the parts of the body that help us do them.	Start of unit:	End of unit:
<div style="display: flex; flex-direction: column; align-items: center; gap: 20px;"> <div style="border: 1px solid black; padding: 5px; margin: 5px;">tongue</div> <div style="border: 1px solid black; padding: 5px; margin: 5px;">ears</div> <div style="border: 1px solid black; padding: 5px; margin: 5px;">eyes</div> <div style="border: 1px solid black; padding: 5px; margin: 5px;">nose</div> <div style="border: 1px solid black; padding: 5px; margin: 5px;">hands</div> </div>	<div style="display: flex; flex-direction: column; align-items: center; gap: 20px;">  <p>smell</p>  <p>taste</p>  <p>touch</p>  <p>see</p>  <p>hear</p> </div>
