This school is committed to safeguarding and promoting the welfare of children and expects all staff and volunteers to share this commitment. We have a Child Protection and Safeguarding Policy and procedures in place which we can be found on our website. Everyone working in the school, including volunteers and school monitoring councillors, must acquaint themselves with these procedures. Any member of staff along with parents and carers can discuss any concerns they have with the team above or make their own referrals to social care using the contact details on this poster. More details can be found at www.marhamchurch.cornwall.sch.uk.

If a member of staff has a concern about a child, they should report this immediately to the DSL. However insignificant you think your concern might be pass it on to the DSL. If the DSL is not available, then speak to the DDSL. If there is an immediate concern about a child or their family any member of staff can phone the MARU for advice and guidance if the DSL/DDSL are not available.
